

## Amada Europe 245

Year: 2000

Machine hours: about 82.000 h

### **Technical data:**

Amada Europe 245

Control: Fanuc 18i PA

Punching force: 200kN

Working area X/Y: 1270 x 1000 mm

With repositioning: 2540 x 1000 mm

Max. sheet thickness: 6 mm

Feed rate X/Y: 50 / 50 m/min (70 m/min simultaneous)

Positioning tolerance: +/- 0,1 mm

Number of stations in turret: 19

AutoIndex stations: 3 (2 x B, 1 x C)

Feed rate turret: 25 1/min

Max. number of hits: 520/min

Machine frame: Bridge frame

Punching drive: hydraulic

Drives turret + table: AC-Servo motors

Clamps: pneumatical

Electrical connection: 400V / 50Hz

Electrical consumption machine: 25 kVA

Air consumption machine: 6 bar, 250 l/min

Machine weight: 10 to
